Education

High School

Hoerskool Harrismith

- Qualifications : 2022 National Senior Certificate (Admission to Bachelor Degree)

Durban University of Technology (DUT) *Third Year - Currently Enrolled*

- **Qualification:** Diploma in ICT Application Development

Experience

Academic Project: Menzi Tutoring Services System *Role: Scrum Master, Lead Front-End Developer & Deployment Specialist, Date Range: (July 2025 - November 2025)*

Duties:

- Acted as Scrum Master, facilitating daily stand-ups, managing the sprint backlog, and ensuring the team adhered to the Scrum methodology.
 - Led the Front-End Development, contributing to the majority of the system's user interface using HTML and JavaScript.
 - Coded and implemented the Resource Sharing feature, which allows the Tutor to upload various learning resources in different file types (Videos, Documents, links) and restricts student access based on enrolled subjects.
 - Managed the project's database using Azure Database and successfully deployed the complete system through the Azure cloud platform.
 - Applied strong problem-solving skills to resolve technical challenges throughout the Software Development Life Cycle (SDLC).
 - Demonstrated leadership and communication skills in coordinating team tasks and presenting project milestones.
-
